Baltimone, Sept. 11, 1851.

Messrs. Mortimer & Moubray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one coasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was tought y years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

CONSUMPTION.

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE BODY, take the Cherry Pectoral on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGHI, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

There is a full attendance and much harmony. The Convention is decidedly Fillmoreish.

NEW YORK, May 19.

The steamer El Dorado, from Aspinwall, via Jamaica, arrived to-day. She brings 56 passengers, and Jamaica dates of the 12th instant. She passed on the 12th the Crescent City, from New York, and brig Flora, of Baltimore, going into Kingston.

At noon, yesterday, in the Rotundo of the Capitol, in the presence of a large assemblage of ladies and gentlemen, the formal presentation to the Washington Monument Society took place of a block of native copper contributed by the State authorities of Michigan to the Monument. Andrew Harvie, a member of the legislature of Michigan, in the name and on behalf of his State, tendered the beautiful present to the Monument Association. He accompanied the act by an address truly appropriate, eloquent, and felicitous, which was responded to in an equally happy and impressive manner by Mr. Lenox, the Mayor of the city, speaking in behalf of the Association.

and in large block capitals, "Michigan: an emblem of her trust in the Union"-enclosing the armorial bearings of the State, with its motto: Si quæris amænam peninsulam circumspice." It was obtained, as we learn from the Union, "from the Cliff mine of Lake Superior, belonging to the Pittsburg and Boston Mining Company, and was cut from a mass eighty tons of which were exposed; and since that time, we are informed, some five hundred tons more have been laid bare. It was presented for the purpose to the State of Michigan by the Hon. Thomas M. Howe, of Pittsburg. The conception of the block, the entire design, and the management of the work, are due to the Hon. Andrew Harvie, of Michigan, who was directed by the governor of that State to bring it on and present it. The workmanship was wholly executed at Detroitthe squaring and polishing by Mr. Wm. Barelay and the silver work by Mr. George Doty. The weight of the block is 2,100 pounds. It is cut from a mass surpassing in quantity and value anything of the kind which the human eye ever rested upon. Rich as this beautiful specimen is, however, several mines have been recently discovered which promise to rival even the Cliff mine

PISTOLS FOR TWO AND COFFEE FOR ONE .- It is reported that the Hon. John Barney, late of Baltimore, but now residing at Washington, has challenged Le Compte de Sartiges, the French Minister, to meet him in mortal combat. The cause assigned for the ex-member of Congress sending the challenge to the representative of Napoleon the little, is his having lighted a cigar in the presence of ladies who were in company with the honorable gentleman, who is now so great a stickler for etiquette that he forgets his early occupation, which, we are told, was that of a cracker-baker. He has been a miller, a farmer, a cracker-baker it may be, and a member of Congress; but why in this democratic country any of these callings should render him incapable of appreciating a point of etiquette we leave the democratic world to determine. Bor A man at Placerville, on the 14th April,

Mr. Eldridge was walking by her side at the time, but being unarmed was likely to receive the worst of a fight with his antagonist, when his more discreet better-half brought forth a revolver and fired upon the offender, putting an end to the fight, though not to the fellow's life!
